

2016-17 Annual Cups Panel Competition. Assessor John Haines. 6th. December 2016

I think that all who attended and participated in last night's Panels Competition would agree that it was a very successful evening.

To Judge 61 Panels of 3 prints is an achievement in itself. John Haines from Great Barr PS did just that in 2 hours of "Judging Time"- he did stop for coffee!

John judges in a fair and positive manner across all genres with a "*modicum of humour*" - it creeps in now and again! Judging a panel of 3 prints is a different process to simply judging individual images; a challenge that he mastered well. He points out areas for improvement in a helpful and appropriate manner. He can come again!

Many thanks to Dick and his team for the organisation of the entries and to Andrew and David for the flow of prints. But most of all, thanks to the entrants, for participating in a different sort of challenge.
