

2015–16 Annual Cups Combined DPIs Competition, Assessor John Haines, 24th May 2016

I hope you enjoyed last night's finale to the 2015-6 Year. What a good judge John Haines of Great Barr was - He cracked his way through the prints by just gone 9pm - all 4 Categories. He was enthusiastic, positive, and capable of passing objective comments on all genres, making helpful suggestions for improvement and giving reasons if marking an image down. After a coffee prepared by his wife and daughter who volunteered their efforts in the Galley, his stamina was fully restored. He then tackled the DPI's with an increase in speed of decision making. John judged 170 images in total and the final verdicts were issued at close on 11pm! He will sleep soundly

Oh, and by the way he is coming back to open our Exhibition Launch Night on Thursday 21st July at The Stratford Arts House when many of the images shown last night will be on display
